

Barugh Green Primary School

24th November 2010

Dear Parents

Given the current weather predictions, I thought it necessary to remind you of the following procedures.

Arrangements for inclement weather are as normal. If because of snow or heating problems school cannot open on a particular day, this will be transmitted on Dearne FM 102FM, Radio Sheffield or Radio Hallam from 7.30am onwards. Alternatively parents can log on to the school website www.barnsley.org/barugh-green-primary If snow falls during a school day forcing the school to close early, this again will be transmitted on local radio stations or the school website. In this circumstance **no children** will be allowed home without either being collected by a responsible adult or we have confirmation that someone is in at home, even if this stretches beyond the normal end of a school day. You may of course be stuck in traffic and we would not wish to send a child home without the knowledge that someone is in.

Yours sincerely

M Gilmore
Headteacher
