

A PRACTICAL GUIDE TO ACHIEVING THE FINANCIAL MANAGEMENT STANDARDS IN SCHOOLS

Do you need Help in Achieving the Financial Management Standards in Schools?

Having gone through the experience of working towards our achievement of the FMSiS Certification, Kirk Balk School has developed a practical guide to support other schools in doing the same. The emphasis on this electronic manual is 'practical' and as such we have incorporated easy to understand suggestions, tips and advice and included sample documents throughout. The templates provided are designed to be fully editable, enabling each school to personalise them to meet their own needs.

Cost: £200 (inc. Postage + Packing)
